RCRA RECORDS

Dear Mr. Stewart:

Based on the information provided in your letter our office received on October 27, 2003, violations 1 through 11 and 12b cited during the compliance inspection conducted on September 8, 9, and 23, 2003, have been corrected.

Violation 12a will remain outstanding until you address the current usage of Building D. For clarification and permit questions contact Mostafa Kamal, Bureau of Waste Management (BWM), Hazardous Waste Permits Section, 785-296-1609. We will grant an extension concerning violation 12a until **January 15, 2003**. Please contact me if additional time is required.

Please be aware that a report of this inspection is submitted to the BWM in Topeka for review. Each report is reviewed and an evaluation is made to determine if additional enforcement is warranted. A penalty may be issued by BWM for violations identified during this inspection.

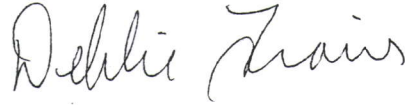

Your cooperation with the hazardous waste management program is appreciated. If you have any questions regarding this inspection or this letter, you may contact me at (316) 337-6039.
